

AP Environmental Summer Assignment

As someone who has shown interest in taking APES for the 2017-2018 school year please complete the following assignment this summer and have it ready to turn in the first week of school.

Watch National Geographic's The Human Footprint online at:

http://www.snagfilms.com/films/title/human_footprint

Please be aware that this website will pull the film without notice if National Geographic decides to air it. IF this happens, you will be able to find the film in six segments on youtube.com.

The worksheet is to be completed during the viewing of this film. This worksheet will on the school's website or please email Mrs. Skoglund at eharney@pasco.k12.fl.us to get copies of this worksheets.

MATH summer practice:

Please be aware that AP Environmental Science requires that you are able to do basic mathematical calculations without the aid of a calculator. In addition to the worksheets about the film, there will be a summer math practice that you will have a test on the first week of school. This worksheet packet must also be turned in the first week of school.
