

Instructions for accessing ACORN (Online payments)

Student Fees — Acorn is a secure, streamlined system that replaces SchoolPay and enables parents to add school purchases to their shopping cart for multiple children at different schools. Parents can complete transactions through credit card, debit card or e-check.

In order to make payments through Student Fees — Acorn, you must have a myStudent account. If you do not have a myStudent account, go to [PascoSchools.org](https://www.pasco.schools.org), click the Parents tab at the top of the page, and select [Check Grades/Attendance](#). Once your myStudent account is established, on the following day your Student Fees — Acorn account can be activated on the following day.

To activate your Parent Portal Account:

1. Go to <https://www.studentquickpay.com/pasco/>
2. In the blue Parent Account Activation box, select "Continue"
3. Enter the email address associated with your myStudent account and select "send email"
4. This will generate an email that prompts you to activate your account
5. Open your email and click the link
6. Continue by creating your password and activating your account
7. Once this is completed, you can view fees and items that can be purchased

Partial payment plans and financial assistance options also are available.

Please note, this will not change the process for putting funds on your student's meal account.
