Assumption of the Risk and Waiver of Liability Relating to Coronavirus/COVID-19

The novel coronavirus, known as COVID-19, is an extremely contagious virus, which can cause serious medical conditions, including death. COVID-19 has been declared a worldwide pandemic by the World Health Organization, and as a result, federal, state, and local governments along with federal and state health agencies recommend social distancing and have, in some circumstances, limited the congregation of people. COVID-19 is so contagious that even the most extraordinary measures has not halted its spread amongst our population.

The District School Board of Pasco County (DSBPC or District) has initiated reasonable, precautionary measures in an effort to reduce the spread of COVID-19. However, given the extremely contagious nature of COVID-19, the DSBPC cannot guarantee that your child(ren) will not contract the virus while attending or engaging in school-related and/or extracurricular activities. In fact, the increased exposure of attending or engaging in such activities could increase your child(ren)'s risk of contracting COVID-19, despite the DSBPC's reasonable efforts to reduce the spread of the virus.

READ THIS FORM COMPLETELY AND CAREFULLY. YOU ARE AGREEING TO LET YOUR MINOR CHILD ATTEND OR ENGAGE IN AN ACTIVITY AT WHICH THEY MAY BE EXPOSED TO AND CONTRACT COVID-19. YOU ARE AGREEING THAT, EVEN IF THE DISTRICT SCHOOL BOARD OF PASCO COUNTY AND ITS EMPLOYEES AND AGENTS (HEREINAFTER, DSBPC) USE REASONABLE CARE IN PROVIDING THIS ACTIVITY, THERE IS A CHANCE YOUR CHILD MAY CONTRACT COVID-19 AND MAY BE SERIOUSLY INJURED OR KILLED BY COVID-19 BECAUSE THERE ARE CERTAIN DANGERS INHERENT IN THE ACTIVITY AND THE VIRUS WHICH CANNOT BE AVOIDED OR ELIMINATED. BY SIGNING THIS FORM YOU ARE GIVING UP YOUR CHILD'S RIGHT AND YOUR RIGHT TO RECOVER FROM THE DSBPC IN A LAWSUIT FOR ANY PERSONAL INJURY, INCLUDING DEATH, TO YOUR CHILD OR ANY PROPERTY DAMAGE THAT RESULTS FROM THE RISKS THAT ARE A NATURAL PART OF THE ACTIVITY AND THE VIRUS, AND FOR RISKS ARISING FROM THE NEGLIGENCE OR RECKLESSNESS OF THE RELEASED PARTIES, INCLUDING, BUT NOT LIMITED TO, THE DSBPC. YOU HAVE THE RIGHT TO REFUSE TO SIGN THIS FORM, AND THE DSBPC HAS THE RIGHT TO REFUSE TO LET YOUR CHILD PARTICIPATE IF YOU DO NOT SIGN THIS FORM.

I voluntarily agree to assume all of the foregoing risks and accept sole responsibility for any injury to my child(ren) or myself (including, but not limited to, personal injury, disability, and death), illness, damage, loss, claim, liability, or expense, of any kind, that I or my child(ren) may experience or incur in connection with my child(ren)'s engagement in or attendance at a DSBPC sponsored event. On my behalf, and on behalf of my children, I hereby release, covenant not to sue, discharge, and hold harmless the DSBPC, of and from the claims, including all liabilities, claims, actions, damages, costs or expenses of any kind arising out of or relating thereto. I understand and agree that this release includes any claims based on the actions, omissions, or negligence of the DSBPC, whether a COVID-19 infection occurs before, during, or after participation in any DSBPC sponsored event.

LOLHS ATHLETIC CODE OF CONDUCT

It is an honor and a privilege to represent yourself, your family, and Land O' Lakes High School through participation in athletics. We believe our student-athletes should exemplify and maintain unconditional sportsmanship both on and off the field. Please review the Athletic Code of Conduct, and return a signed copy with the other required paperwork prior to tryouts for any team.

Eligibility for Participation

- 1. All FHSAA requirements must be met. School districts, and schools, are permitted to be *more* stringent than the FHSAA, and some of these policies reflect decisions of the DSBPC and/or LOLHS.
- 2. The participation fee must be paid within THREE days of making a team. Athletes will not be permitted to practice or compete until the fee is paid.
- 3. Students are eligible for participation based on the school where they are zoned based on their residence.
 - a. IB students are "zoned" to LOLHS or GHS based on their residence, so an IB student's address is still a concern of the school.
 - b. Students with school choice were granted school choice based on their residence when choice was applied for. This must be the address of record.
 - c. The student address provided to LOLHS must be the address where the student lives (where does he/she sleep at night), and cannot be a property owned by the family where they are not living, a business address, a friend's address, etc.
 - d. If the student moves, the school MUST be notified of the new address PRIOR to the move taking place. Notification after the fact jeopardizes the athlete, team, and the school and will result in the immediate suspension of the athlete (minimum penalty).
 - e. It is the responsibility of the student/parent(s) to ensure that (c) and (d) are followed. Violations will result in suspension from all athletic programs for one year from the date the violation is discovered.
- 4. Any student assigned ISS/OSS may NOT participate in athletics (practice or competition) on the day the suspension is served.
- 5. Students must be in school for half of the school day to participate in athletics (practice or competition).
 - a. Half of the day is 3 hours and 15 minutes, not a certain number of class periods.
 - b. If a student must leave school for an appointment, he/she must be in school 7:25-10:40 or 10:40-1:55.
 - c. College visits, court appearances, or other such absences must be pre-arranged with the office in order to be exempt from the attendance requirements.
- 6. Athletes must abide by all rules/regulations in the Pasco County Student Code of Conduct and Land O' Lakes Student Code of Conduct. Both can be found in the Student Planner.

17

- 7. Ninth grade students who do not have a 2.0 GPA on their first quarter's report card will be unable to complete their fall season or tryout for a winter sport until the first semester's GPA is established in January.
- 8. Athletes who quit or are removed from a team may not start another sport until the original sport's season has concluded.

Sportsmanship, Ejections, and Fines

- FHSAA bylaws state that any athlete ejected from a contest may be suspended for up to six weeks and up to one year for gross misconduct. These are minimum suspensions, as the DSBPC, LOLHS, and/or coaches may lengthen the suspension at their discretion.
- 2. The FHSAA requires schools to be responsible for their spectators. In the event that a spectator is disruptive, he/she will be removed from the facility and possibly suspended from attending future events.
- 3. Athletes ejected for unsportsmanlike behavior will be fined at least \$50. This fine must be paid prior to returning to the team. Athletes ejected for gross unsportsmanlike behavior will be fined at least \$250.

Insurance

- 1. Your insurance plan is primary. The school's supplemental program is secondary.
- 2. The school's supplemental insurance policy does NOT cover injuries obtained during "open" facilities (gym, field, court, etc.). If you would like additional coverage for such events, visit <u>https://schoolinsuranceofflorida.com</u> and look into their 24-hour coverage.
- 3. If using the secondary insurance, be sure to stay in-network (again, visit the above site for more information). Treatment must be sought within 60 days.

Other Information

- 1. Each coach will have his/her own additional requirements and rules that are to be followed and may be stricter than those listed here.
- 2. The LOLHS Athletic Code of Conduct does not cover all situations that may occur. The school will attempt to do whatever is necessary to ensure that our student-athletes represent themselves and the school with dignity and integrity.
- 3. Any athlete, or parent, who is aware of a questionable residency of another athlete should report his/her concern to the coach, Athletic Director, or administration for investigation. An ineligible athlete can lead to fines for the school, forfeiture of contests for the team, and ineligibility of student-athletes.

Purpose:	To heighten the awareness of and compliance with rules prohibiting athletic recruiting on the part of student-athletes, their parents
	legal guardians, and member schools, as well as participation with a member school as a "Non-Traditional" student.
Verification:	

TO: STUDENT-ATHLETE

The school that you have chosen to attend, or participate for as a "Non-Traditional" student, is a member of the Florida High School Athletic Association (FHSAA). The FHSAA has rules that prohibit a member school from making any effort to encourage or entice a student to attend or participate there for athletic purposes. This is called athletic recruiting, and it is not permitted on the high school level. The Florida Legislature, in fact, has directed the FHSAA to "adopt bylaws that specifically prohibit the recruiting of students for athletic purposes." Florida law also regulates the participation in interscholastic athletics by "Non-Traditional" students.

What follows is an explanation of athletic recruiting rules, as well as regulations related to participation by "Non-Traditional" students, and the penalties for violating them. You and your parent(s) or legal guardian(s) must read this document and declare that you were not recruited to attend or participate for the school for athletic purposes and that you are aware of the regulations regarding participation as a "Non-Traditional" student by signing the attached "Affidavit of Compliance". The signed affidavit must be submitted to the member school prior to a date not earlier than the first day of practice of the first sport in which the student wishes to participate, as posted on the FHSAA Website.

Please read this information carefully. Sign the affidavit truthfully and honestly. Do not sign the affidavit if you have any questions about these rules or believe that a violation of these rules may have occurred. Instead, have your school's athletic director contact the FHSAA Office by phone at 352.372.9551 ext. 340 or by e-mail at compliance@fhsaa.org. Violations of these rules and regulations can and do result in severe penalties for the school and the student-athlete. Making an inaccurate statement by signing the affidavit when you know you should not will only make these penalties worse for all involved if violations are later determined to have occurred.

What is athletic recruiting?

Athletic recruiting is any attempt by any employee or athletic department staff member of an FHSAA member school, a representative of the school's athletic interests or a third party to pressure, urge or entice a student who does not currently attend or participate for that school to change his/her attendance or participation there for the purpose of athletic participation. This occurs when the school employee, athletic department staff member or representative of the school's athletic interests makes improper contact with the student or a member of his/her family in an effort to pressure or urge the student to go to that school OR promises, offers or gives the student an impermissible benefit in an effort to entice the student to go to or participate for that school.

Who is "a representative of the school's athletic interests?"

Any person, business or organization that participates in, assists with, and/or promotes a school's athletic program is considered to be a representative of the school's athletic interests. This includes, but is not limited to:

- A student-athlete or other student participant in the athletic program at that school;
- The parents, guardians or other family members of a student-athlete or other student participant in the athletic program at that school;
- Immediate relatives of a coach or other members of the athletic department staff at that school;
- A volunteer with that school's athletic program;
- A member of an athletic booster organization of that school;
- A person, business or organization that makes financial or in-kind contributions to the athletic department or that is otherwise involved in promoting the school's interscholastic athletic program.

What is improper contact with a student who does not attend a school?

Any contact or communication of any kind with a student who does not attend or participate for a particular school, or a member of the student's family, in attempt to pressure, urge or entice the student to change attendance to a different school for athletic reasons is improper. The improper contact can either be in person, through written or electronic means such as letters, flyers, e-mails, text messages, social media or through a third party. Did someone talk you into changing to this school to play athletics? Did someone urge you to change to this school to play athletics? If so, you may have been athletically recruited.

Florida High School Athletic Association Affidavit of Compliance with the Policies on Athletic Recruiting & Non-Traditional Student Participation

What is an impermissible benefit?

An impermissible benefit is any benefit that is promised, offered or given to a student or a member of his/her family but is not offered or generally made available to all students who apply to or attend or participate for the school. Did someone promise, offer or give you anything more than what any other student who attends or participate for this school is generally promised, offered or given that caused you to decide to change to this school? If so, it probably is an impermissible benefit.

What is a "third party"?

A "third party" is an independent person, business or organization who may or may not be a representative of the school's athletic interests.

What are the penalties for violations of athletic recruiting rules by a member school?

A member school that violates athletic recruiting rules will be assessed one or more of the following penalties:

- A public reprimand;
- A financial penalty;
- Forfeiture of all contests and awards won in which the student who was athletically recruited or received an impermissible benefit participated or contributed;
- One or more forms of probation (administrative, restrictive or suspension) for one or more years;
- Prohibition against participating or coaching in certain competitions, including state playoffs, for one or more years in the sport(s) in which the violation(s) occurred;
- Prohibition against participating in any competitions for one or more years in the sport(s) in which the violation(s) occurred;
- · Restricted membership for one or more years during which some or all of the school's membership privileges are restricted or denied;
- Expulsion from membership in the FHSAA.

What are the penalties for a student who is found to have been athletically recruited or receives an impermissible benefit?

A student who is found to have accepted an impermissible benefit will be ineligible for athletic competition for one or more years at the school where the violation occurred, and may be declared ineligible for athletic competition at all FHSAA member schools for one or more years.

What are the regulations regarding the participation of "Non-Traditional" students?

A Non-Traditional student is eligible to participate provided:

- · The student meets the same residency requirements as other students in the school at which he/ she participates; and
- · The student meets the same standards of acceptance, behavior and performance as required of other students in extracurricular activities; and
- The student registers with the school his/her intent to participate in interscholastic athletic competition as a representative of the school, utilizing
 the official Association process as approved by the Executive Director, <u>prior to participation</u> in the sport(s) in which he/she wishes to participate,
 as posted on the FHSAA website; and
- The student complies with all FHSAA regulations, including eligibility requirements regarding age and limits of eligibility, and local school
 regulations during the time of participation; and
- The student provides proof of basic medical insurance coverage and both independently secured catastrophic insurance coverage and liability
 insurance coverage which names the FHSAA as an insured party in the event the school's insurance provider does not extend coverage to such
 students; and
- · The student provides his/her own transportation to and from the school; and
- The student provides to school authorities all required forms (including, but not limited to, the EL2, EL3 and, where applicable, the EL7, EL7V, EL12, EL12V and EL14) and provisions.

What are the penalties for violations of regulations regarding "Non-Traditional" student by a member school?

Allowing students to participate without properly registering a non-traditional student will subject the school to a monetary penalty.

The student/parent must complete, obtain all applicable signatures and submit this form to the school on or before the first day of practice for the first sport in which the student whiles to participate, as established on the FHSAA Calendar. Concussion Information

Concussion is a brain injury. Concussions, as well as all other head injuries, are serious. They can be caused by a bump, a twist of the head, sudden deceleration or acceleration, a blow or jolt to the head, or by a blow to another part of the body with force transmitted to the head. You can't see a concussion, and more than 90% of all concussions occur without loss of consciousness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. All concussions are potentially serious and, if not managed properly, may result in complications including brain damage and, in rare cases, even death. Even a "ding" or a bump on the head can be serious. If your child reports any symptoms of concussion, or if you notice the symptoms or signs of concussion yourself, your child should be immediately removed from play, evaluated by a medical professional and cleared by a medical doctor.

Signs and Symptoms of a Concussion:

Concussion symptoms may appear immediately after the injury or can take several days to appear. Studies have shown that it takes on average 10-14 days or longer for symptoms to resolve and, in rare cases or if the athlete has sustained multiple concussions, the symptoms can be prolonged. Signs and symptoms of concussion can include: (not all-inclusive)

- · Vacant stare or seeing stars
- · Lack of awareness of surroundings
- · Emotions out of proportion to circumstances (inappropriate crying or anger)
- · Headache or persistent headache, nausea, vomiting
- · Altered vision
- · Sensitivity to light or noise
- · Delayed verbal and motor responses
- · Disorientation, slurred or incoherent speech
- · Dizziness, including light-headedness, vertigo(spinning) or loss of equilibrium (being off balance or swimming sensation)
- · Decreased coordination, reaction time
- · Confusion and inability to focus attention
- Memory loss
- · Sudden change in academic performance or drop in grades
- · Irritability, depression, anxiety, sleep disturbances, easy fatigability
- · In rare cases, loss of consciousness

DANGERS if your child continues to play with a concussion or returns too soon:

Athletes with signs and symptoms of concussion should be removed from activity (play or practice) immediately. Continuing to play with the signs and symptoms of a concussion leaves the young athlete especially vulnerable to sustaining another concussion. Athletes who sustain a second concussion before the symptoms of the first concussion have resolved and the brain has had a chance to heal are at risk for prolonged concussion symptoms, permanent disability and even death (called "Second Impact Syndrome" where the brain swells uncontrollably). There is also evidence that multiple concussions can lead to long-term symptoms, including early dementia.

Steps to take if you suspect your child has suffered a concussion:

Any athlete suspected of suffering a concussion should be removed from the activity immediately. No athlete may return to activity after an apparent head injury or concussion, regardless of how mild it seems or how quickly symptoms clear, without written medical clearance from an appropriate health-care professional (AHCP). In Florida, an appropriate health-care professional (AHCP) is defined as either a licensed physician (MD, as per Chapter 458, Florida Statutes), a licensed osteopathic physician (DO, as per Chapter 459, Florida Statutes). Close observation of the athlete should continue for several hours. You should also seek medical care and inform your child's coach if you think that your child may have a concussion. Remember, it's better to miss one game than to have your life changed forever. When in doubt, sit them out.

Return to play or practice:

Following physician evaluation, the return to activity process requires the athlete to be completely symptom free, after which time they would complete a step-wise protocol under the supervision of a licensed athletic trainer, coach or medical professional and then, receive written medical clearance of an AHCP.

For current and up-to-date information on concussions, visit http://www.cdc.gov/concussioninyouthsports/ or http://www.seeingstarsfoundation.org

Statement of Student Athlete Responsibility

Parents and students should be aware of preliminary evidence that suggests repeat concussions, and even hits that do not cause a symptomatic concussion, may lead to abnormal brain changes which can only be seen on autopsy (known as Chronic Traumatic Encephalopathy (CTE)). There have been case reports suggesting the development of Parkinson's-like symptoms, Amyotropic Lateral Sclerosis (ALS), severe traumatic brain injury, depression, and long term memory issues that may be related to concussion history. Further research on this topic is needed before any conclusions can be drawn.

I acknowledge the annual requirement for my child/ward to view "Concussion in Sports" at www.nfhslearn.com. I accept responsibility for reporting all injuries and illnesses to my parents, team doctor, athletic trainer, or coaches associated with my sport including any signs and symptoms of CONCUSSION. I have read and understand the above information on concussion. I will inform the supervising coach, athletic trainer or team physician immediately if I experience any of these symptoms or witness a teammate with these symptoms. Furthermore, I have been advised of the dangers of participation for myself and that of my child/ward.

Sudden Cardiac Arrest and Heat-Related Illness (Page 3 of 4)

This completed form must be kept on file by the school. This form is valid for 365 calendar days from the date of the most recent signature.

School: Land O' Lake, HS School District (if applicable): Pasio

Sudden Cardiac Arrest Information

Sudden cardiac arrest (SCA) is a leading cause of sports-related death. This policy provides procedures for educational requirements of all paid coaches and recommends added training. Sudden cardiac arrest is a condition in which the heart suddenly and unexpectedly stops beating. If this happens, blood stops flowing to the brain and other vital organs. SCA can cause death if it's not treated within minutes.

Symptoms of SCA include, but not limited to: sudden collapse, no pulse, no breathing.

Warning signs associated with SCA include: fainting during exercise or activity, shortness of breath, racing heart rate, dizziness, chest pains, extreme fatigue.

It is strongly recommended that all coaches, whether paid or volunteer, be regularly trained in cardiopulmonary resuscitation (CPR) and the use of an automated external defibrillator (AED). Training is encouraged through agencies that provide hands-on training and offer certificates that include an expiration date. Beginning June 1, 2021, a school employee or volunteer with current training in CPR and the use of an AED must be present at each athletic event during and outside of the school year, including practices, workouts and conditioning sessions.

The AED must be in a clearly marked and publicized location for each athletic contest, practice, workout or conditioning session, including those conducted outside of the school year.

What to do if your student-athlete collapses:

- 1. Call 911
- 2. Send for an AED
- 3. Begin compressions

FHSAA Heat-Related Illnesses Information

People suffer heat-related illness when their bodies cannot properly cool themselves by sweating. Sweating is the body's natural air conditioning, but when a person's body temperature rises rapidly, sweating just isn't enough. Heat-related illnesses can be serious and life threatening. Very high body temperatures may damage the brain or other vital organs, and can cause disability and even death. Heat-related illnesses and deaths are preventable.

Heat Stroke is the most serious heat-related illness. It happens when the body's temperature rises quickly and the body cannot cool down. Heat Stroke can cause permanent disability and death.

Heat Exhaustion is a milder type of heat-related illness. It usually develops after a number of days in high temperature weather and not drinking enough fluids.

Heat Cramps usually affect people who sweat a lot during demanding activity. Sweating reduces the body's salt and moisture and can cause painful cramps, usually in the abdomen, arms, or legs. Heat cramps may also be a symptom of heat exhaustion.

Who's at Risk?

Those at highest risk include the elderly, the very young, people with mental illness and people with chronic diseases. However, even young and healthy individuals can succumb to heat if they participate in demanding physical activities during hot weather. Other conditions that can increase your risk for heat-related illness include obesity, fever, dehydration, poor circulation, sunburn, and prescription drug or alcohol use.

By signing this agreement, I acknowledge the annual requirement for my child/ward to view both the "Sudden Cardiac Arrest" and "Heat Illness Prevention" courses at www.nfhslearn.com. I acknowledge that the information on Sudden Cardiac Arrest and Heat-Related Illness have been read and understood. I have been advised of the dangers of participation for myself and that of my child/ward.
